Dredging of Doctors Pass

What is the Status of the Permits?

How long will it take for the engineering company to do their depth soundings?

What is the filing process? Do we let it expire before resubmitting our request for permits? They are good for 10 years – correct? Why are we facing all of this filing at the same time on this project? Shouldn't someone keep abreast of the procedure and timing so that it is renewed automatically every so many years as it approaches expiration?

After the engineering company performs the depth study and charting, what is the next step?

How does the city choose a dredging company? Does the city now look at all the qualifications and past job performance of each company submitting an application for the job? Did we ever collect on the performance bond for the last company?

How soon can dredging begin?

We have shoals building on either side of the inside entrance to Moorings Bay and across the center of the bay as well as on the south side of the inside entrance near Beacon House Condominium. These will need to be removed.
