Trash Removal in the Bays

What is the city policy pertaining to trash removal?

Who does the removal – city or other company? What type of vessel?

How often is it removed? We've heard every three months which is not acceptable. How can we increase the visits for removal?

What about calls to alert the city of trash for removal? Who to call?

What is the cost of a visit to remove trash?

Will the vessel take a resident aboard to show the operator where trash has been sighted or allow an accompanying vessel to show where problems exist?

Is Channel 12 a good communicator of the reporting procedure for trash in the water – can the phone number be posted?
